

Price list for the use of eBilanz-Online

Date: 22 June 2015

Transmission of electronic balance sheet (eBilanz) to tax authorities - ERiC

The costs incurred for using eBilanz-Online are calculated based only on the number of transmissions of a valid data record to the tax authority (ERiC). No charge is made for failed transmissions to ERiC.

Payment is made using a system of credit, which must be purchased prior to transmission. The following payment methods are available for this: PayPal, immediate bank transfer and SEPA direct debit.

You can only take advantage of the sliding-scale prices if the corresponding number of transmissions is purchased in a payment transaction. The price is calculated according to the following scale:

All prices are subject to statutory value-added tax.

Prices:

Scale	Transmission(s) purchased in one transaction			Sliding-scale price per transmission
1	1	to	24	EUR 25.00
